

Resolved Issues

1. Resolved an issue with estimate documents generated in iFleet not respecting Settings > Estimates > Include estimate UDFs on estimate. (Issue #7274)
2. Resolved an issue in iFleet where finalizing a job a second time will overwrite the original end time stamp when “Strict Timestamping” is turned on. (Issue #7331)
3. Resolved an issue when using category coloring options to mark jobs as complete randomly applying the category color to jobs in iFleet. (Issue #7378)
4. Improved handling for “ifleetCurrentDate” on Android to use MM/DD/YYYY date format. (Issue #7399)
